January 12, 2016

Dear Parents and Guardians,

Students have shared with PHS administration that a field party occurred this past weekend that involved underage drinking, reckless driving, and police intervention. We also have been informed that there are several references to this gathering posted on various Facebook pages.

We know of too many tragedies in Montgomery County and nationwide caused by underage drinking, and have experienced tragic loss in our own Poolesville community.

PHS staff and I implore you to ensure the safety of your child by knowing and verifying his or her destinations when they are not with you, and by not hosting or condoning these types of activities. Your children are so precious to us. They have incredible futures ahead of them.

Sincerely,

Deena Levine

Principal
